*Need capital now?*

Your vested commission renewals could be your best untapped asset source!

*Ready to move your agency ahead of the rest?*

cfG can get you there!

We structure your funding with terms that fit the financial needs of your business

## About renewal commissions assets

The combination of your book of business and the policy lapse rate forms a viable asset:

- Your book of business produces renewal commissions
- These renewal commissions form a monthly income stream
- Each new policy sale adds to the commissions book
- Each policy lapse reduces it

We build your capital funding program around this viable asset.

funding program  
around renewal  
commissions assets*

If you have ever tried to obtain a sizeable business loan, banks are often reluctant to do so because of the lack of typical assets. (i.e. property, vehicles, etc.) Commissions

Funding Group eliminates this problem by lending against your greatest asset, the vested commissions you have with your carrier. In this way, you can obtain the amount of capital you need at a reasonable rate of interest!

## Every business has special requirements

Do you need...

- A specific amount?
- Line of credit?
- Deferred payments?
- Staged advances?

We structure your funding so that the terms fit the financial needs of your business

*cfG is ready to fund  
your success right now.*

## About commissions funding GROUP

Commissions Funding Group, LLC (cfG) is a Virginia corporation founded in 1999 in order to make loans in the secondary money market. Company management, in its earlier experience, had developed the idea of asset based lending against insurance agency renewal incomes. This was an initial interest for CFG at its outset, and quickly became the focus of the Company's business. Over the intervening years, and many such transactions later, the concept has become highly developed and thoroughly refined. The people at Commissions Funding Group, LLC have more than 16 years direct experience in the design and administration of amortizing income stream transactions.

We have completed these types of income stream transactions for insurance agencies, property rentals, auto leases, telephone card and credit recovery businesses.

*cfG has what it takes to  
make you and your  
agency what you have  
always wanted it to be!*

The bottom line is, Commissions Funding Group has what it

takes to make you and your agency what you have always wanted it to be!
